

Royal Mail Tracked®

Making your start-up easier...

...with the help of a thermal label printer – **Zebra GK420d**

To help you to get posting on our Royal Mail Tracked® service, we can now help you source a printer, taking some weight off your mind...

When you agree to contract with Royal Mail Tracked® - simply confirm whether you would like us to source a Zebra GK420d printer.

For just £210 (excluding VAT) we can arrange delivery of your new printer.

Once it's up and running, you'll be ready to produce all the barcoded address labels you need to use our tracked services.

Key benefits of sourcing your printer through us...

- Simple ordering process
- Next day delivery for orders placed by 3pm
- One number to call for technical support: **0871 789 7990**
- The printer can be used for other Royal Mail despatch services, e.g. Special Delivery™

And specifically ordering a thermal label printer through Royal Mail ensures:

- You receive **full back up and support** including Next Day Swapout service
- **Resolution:** 203 dpi
- **High speed printing:** 5 inches per second
- **Connectivity:** USB V1.1 and Serial RS-232
- 4.25 inch label width
- **A full refund** for unopened printers advised within 14 days of delivery

The printer is manufactured by the world's largest printer manufacturer and builds on the Zebra experience gained with the industry standard Zebra LP2844.

Ordering this printer is ideal for a standalone print application – not suitable for networked applications.

Ordering **your** printer is easy...

Just follow these **two simple steps** and your printer will be on its way to you!

Step 1

Once you have received an email from us detailing the **Royal Mail Tracked**[®] and thermal label printer terms and conditions, you need to email your acceptance of these conditions as quickly as possible with details of the delivery address and contact details (phone and email).

Step 2

Your printer should arrive the next day providing you place your order before 3pm.
